

## THE TAKE ME HOME PROGRAM

Take Me Home™ is a database developed for people who may need special assistance if they are alone or in times of emergency. This kind of assistance may be required if the person is unable to speak or properly identify themselves, or if they become disoriented or act in a manner that could be misunderstood by first responders. The system includes a current digital picture, demographic information and caregiver contacts. If a person in the Take Me Home program is encountered by a police officer, the officer can query the Take Me Home program, searching by name or by the person's physical description. Once the individual's Take Me Home record has been located, the officer has more information at hand to better assist the person.

The information that you give is confidential and can only be accessed by a member of law enforcement in an emergency.

### WHO IS ELIGIBLE

All members of the community with a cognitive impairment or disability that may affect their ability to communicate.

### HOW DO I SUBMIT MY FORM

Participants of the program or their loved ones can enroll in Take Me Home™ by filling out the web entry form or in person at any Greensboro Police Department substation.

## **HOW WILL THIS REGISTRY HELP IF MY CHILD/DEPENDENT ADULT GOES MISSING?**

If the individual becomes missing and is reported to law enforcement, information about his/her physical appearance, the places they are most likely to visit, as well as triggers, stimulants, and communication techniques will be sent to law enforcement in the area to look for the missing person and to help reunite them with their loved ones.

## **WHAT GUARANTEES DO WE HAVE THAT THE INTERACTION BETWEEN YOUR CHILD/DEPENDENT ADULT AND THE POLICE WILL BE POSITIVE ONCE HE/SHE IS REGISTERED?**

The program allows the ability for law enforcement officers to have necessary and additional information to begin timely searching for the registered person and to help communicate properly with the registered individual. It is meant to be an additional tool to assist in both of these areas, but cannot guarantee any specific outcome of the encounter.
